CAREER OBJECTIVE

Aspiring app developers are passionate about creating innovative, user-friendly, and efficient mobile apps. Skilled in coding and problem-solving I aim to deliver impactful solutions that enhance user experiences and am committed to learning and contributing to cutting-edge projects.

WORK EXPERIENCE

Android App Development • Internship Aug 2024 - Sep 2024
Techpile Technology Pvt.Ltd, Lucknow

Developed a mobile app project, Viber, using Java, focusing on real-time communication and user-friendly design. Built back-end functionalities, collaborated on UI/UX design, and tested/debugged the app to ensure smooth performance.

Mobile App Development • Internship Jun 2024 - Jul 2024
Code Alpha, Virtual

Developed a Random Quote Generator app during a virtual internship using Kotlin and XML. Designed intuitive UI, implemented core features, and ensured smooth functionality through testing and debugging.

EDUCATION

Bachelor of Computer Applications (BCA), Computer Application 2022 - 2025
School Of Management Science

Senior Secondary (XII), U. P. Board 2022
